

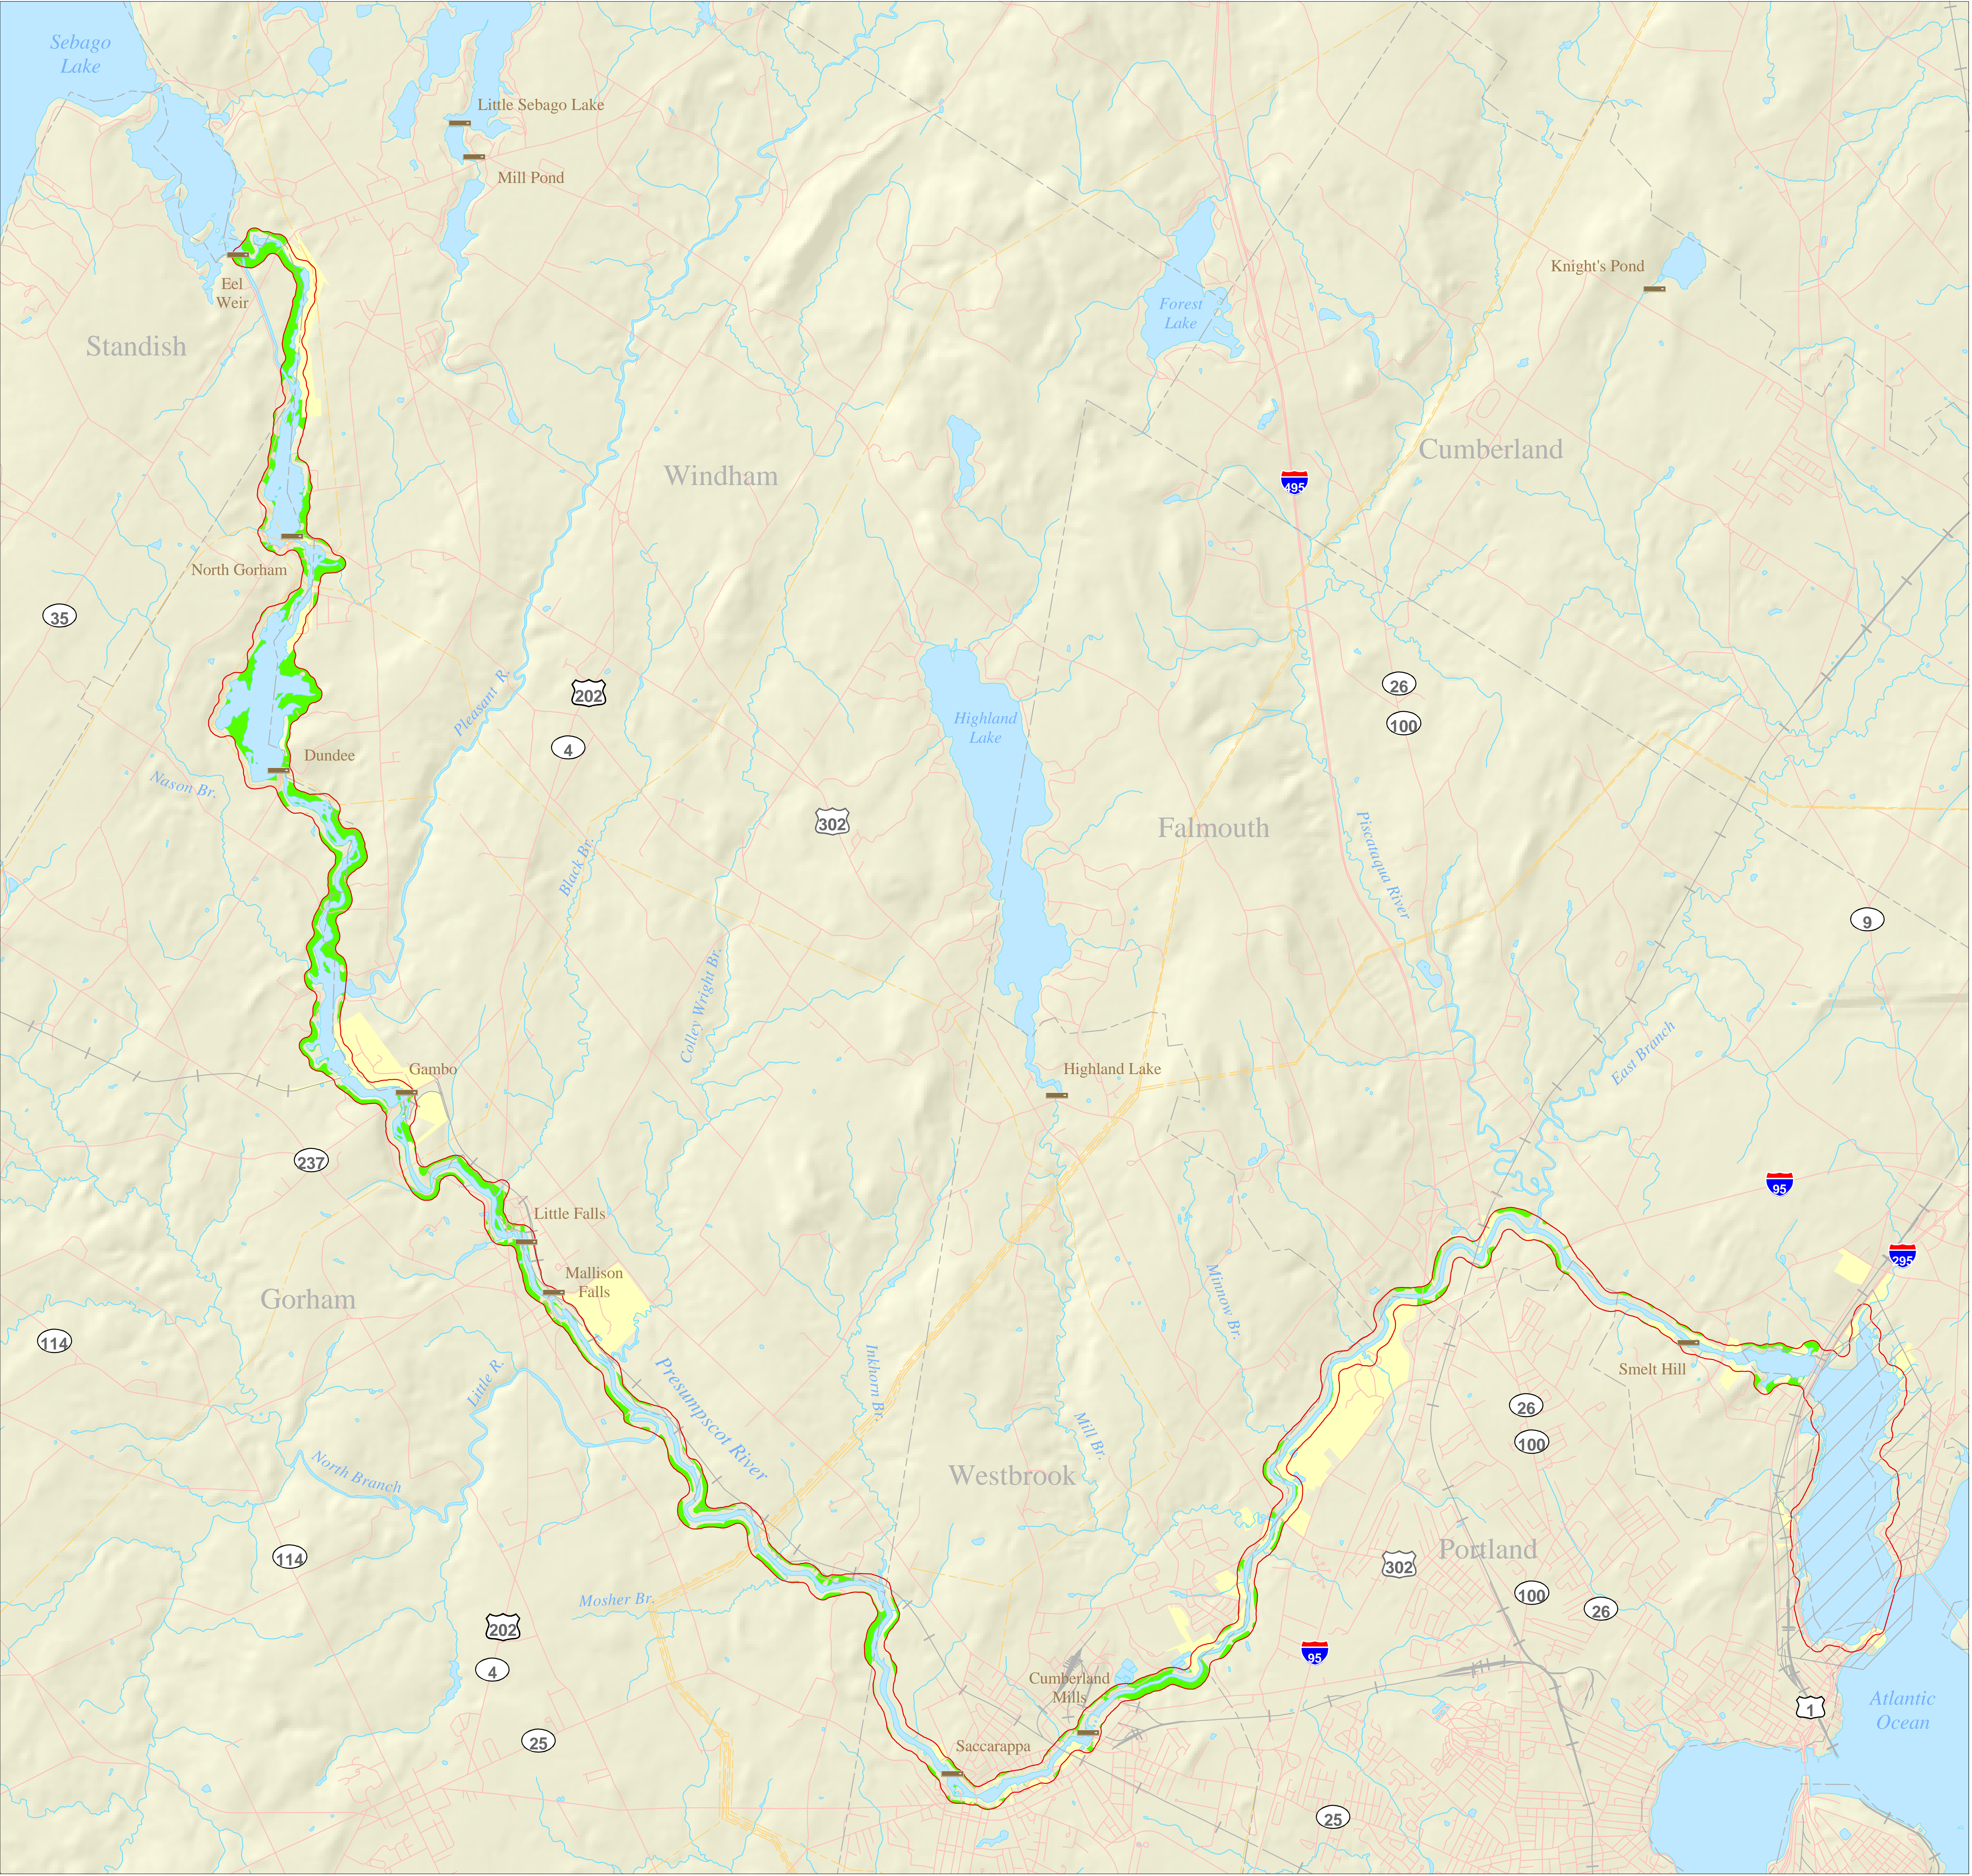

Map 6: Open Space Vulnerable to Development

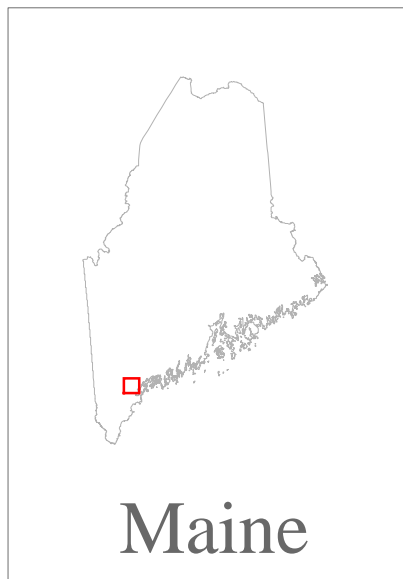

Legend

- | | | |
|--------------------------------------|-----------------|-----------|
| Open Space Vulnerable to Development | Town Boundary | Railroad |
| Limited Protection Land | 250 Foot Buffer | Powerline |
| Surface Water | Road | Dam |
| River | | |

Open space vulnerable to development defined as undeveloped lands excluding resource protection zones and lands protected by ownership or easement. Lands less than 200 feet from a railroad or powerline and lands more than 2500 feet from a road are also excluded.

Data Sources:
Surface Water, Town boundaries, Roads, Railroads, and Powerlines from MEGIS at 1:24,000.
Dams from US Army Corps of Engineers at 1:24,000.
Developed Lands, Resource Protection Zones, and Protected Lands data from Land & Water Assoc. at 1:24,000.
Shaded relief from National Elevation Dataset at 1:24,000.
