

Building Strong Communities With Grant Funding

Free Virtual Workshop
May 10, 2022 | 5:30 PM-7:30 PM

About This Workshop

Funding for community resilience is everywhere these days, but what can that do for your community?

Join us and other inland Maine community leaders in discussing grant funding priorities and challenges, identifying support services, learning about successful community projects, and building relationships. Leave the workshop with a better sense of how to work together to access grant funding for priority community projects.

Resilience funding areas include:

- Expanding broadband access
- Upgrading roads & culverts
- Workforce & economic development
- Stormwater management
